

CENTRAL WEST ORTHOPAEDICS & SPORTS INJURIES

Dr Roger Brighton | ORTHOPAEDIC SURGEON

WWW.ROGERBRIGHTON.COM

DO NOT ADJUST YOUR SETS!

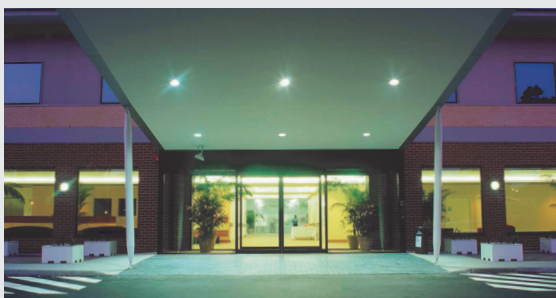

**Normal service will continue
uninterrupted.**

You may have noticed a few changes in the Brighton Hip & Knee Practice recently.

Two moves to new premises have happened almost simultaneously (as a result of coincident building delays, IT difficulties, and so on), but I am still close by and now able to offer even better access. The rooms are different and so is the hospital schedule, but the facilities and service are even better!

Central West Orthopaedics & Sports Injuries now has a smartly fitted out, modern office in Westmead, co-located with Westmead Private Hospital (actually right next door in the Westmead Specialist Centre). Parking for patients is available under the building and also on the ground level of the hospital parking area adjacent. And of course the entrance to Westmead Private Hospital and all its facilities is just 50m away!

Left to right: Westmead Private Hospital; Westmead Specialist Centre; Practice Manager - Clarissa

You'll notice a new look and colour scheme for the letterhead, but the familiar "running man" is still there, and I look forward to continuing to provide you and your patients with superior service from the new premises.

Call (02) 8893 4900 **for Roger Brighton**
at Central West Orthopaedics & Sports Injuries, Westmead.

MACQUARIE

Suite 303, Level 3 Macquarie Clinic
2 Technology Place
Macquarie University NSW 2109
Phone: (02) 8893 4900

I am also now part of HSS Orthopaedics (formerly Orthopaedic Associates) which has its new office on Level 1 of the recently opened Hospital for Specialist Surgery (HSS), Bella Vista.

Left to right: Hospital for Specialist Surgery (HSS); Hydrotherapy pool at Hospital for Specialist Surgery

I am extremely proud to be a part of the large group of surgeons from all disciplines which has developed this handsome state-of-the-art facility in the thriving hub of the North Western sector. I will continue to run my arthroscopy and ligament reconstruction cases at Castle Hill Day Surgery with my usual highly experienced team, but HSS provides me with an entirely new experience to offer your joint replacement patients. There's plenty of parking and the move to rehabilitation happens in a lift, not a bus!

A new letterhead will be reaching your desks from here too with a striking logo based on the orthopaedic symbol of the bent tree of Nicholas Andre strapped to a straight stake, with the whole expanded group named on the right hand margin.

I look forward to continuing to provide outstanding surgical services from the new location.
